**C. Child & Family Services**

**General Comments**

A.12 - Several of our CCP sites have classrooms which have both EHS and non-EHS kids in the same classroom as stipulated in our original grant application. HSPPS standards are followed in all infant/toddler classrooms at our CCP sites; however, non-EHS kids are funded by subsidy and/or parent co-pays, not EHS.

A.17 - Collaborative LEA preschool screenings repeated multiple times and share First Steps referrals when appropriate; State Collaboration Office sends out Head Start List which was used for recruitment mailings; Collaborative agreements between First Steps and OVEC in all service areas; Community Childcare Specialists have worked several community events taking applications and building awareness.

B.1 - There were several vacant teacher assistant and floater positions available at the beginning of the year across our 9 childcare partners.

B.3.e - We do not have a dedicated Family Service Manager on staff.

C.24 - We do not have a mental health professional on staff so another staff member (typically Health or Disabilities Specialist) will make the referral for outside mental health services.
