

Is your child prepared  
for success?

In Kentucky, **School Readiness** means that each child enters school ready to engage in and benefit from early learning experiences that best promote the child's success.

The Vision for Kentucky is that all young children in Kentucky are healthy and safe, possess the foundation that will enable school and personal success, and live in strong families that are supported and strengthened within their communities.

What is a CECC?

The primary goal of all Community Early Childhood Councils (CECCs) is to build innovative, collaborative partnerships that promote school readiness for children and families.

These Councils bring local partners together, identify local needs, develop strategies to address those needs, and measure their results.

## OVEC CECC ....

Supporting families of young children by providing parent training sessions, free developmental and health screenings and building awareness of school readiness.

Supporting communities by promoting school readiness. Partnering with agencies and businesses to plan public awareness activities.

Supporting early childhood professionals by providing training opportunities for local child-care providers, providing technical assistance and establishing lending libraries in communities.

### Who are the members of a CECC?

- Families
- School Districts
- Child Care Advocates
- Head Start
- Early Childhood Specialists
- Health Care Professionals
- Child Care Providers
- First Steps
- Mental Health Professionals
- Community Based Services
- Community Stakeholders
