Introduction

Welcome

Welcome to the Ohio Valley Educational Cooperative (OVEC).

OVEC was established in 1976 under Kentucky's Interlocal Cooperation Act, as the successor organization to the Region VI Office of the Kentucky Department of Education (KDE). When KDE disbanded its regional offices in the mid-1970's, the school districts served by Region VI changed the organizational charter, renaming it the Ohio Valley Educational Cooperative.

OVEC is comprised of thirteen (13) school districts. Superintendents of each member district comprise the OVEC Board of Directors, which serves as the Cooperative's governing body. The Board has direct responsibility for any programs under its auspices.

The purposes of the manual are to acquaint you with the policies that govern and affect (1) operations of OVEC and (2) individuals employed by OVEC and to outline the benefits available to employees.

This manual is a compilation of policies adopted by the Board of Directors. As such, it is not intended to be, and should not be interpreted as, a contract. It is **not** an all-encompassing document and may not cover every possible situation or unusual circumstance. If a conflict exists between information in this manual and Kentucky Revised Statute, Kentucky Administrative Regulation, or federal law or regulation, the state or federal documents will govern.

If an employee has questions about any provisions, s/he should contact his/her immediate supervisor or the Chief Executive Officer (CEO).

OVEC Mission and Goals

The mission of the Ohio Valley Educational Cooperative (OVEC) is to provide high quality services and programs that support, empower and build capacity in school learning communities, to ensure that students achieve college/career readiness.

The major components of the OVEC Strategic Plan are as follows:

CURRICULUM, INSTRUCTION, AND ASSESSMENT

- I. **Goal:** To provide support to the districts as they build capacity in knowledge and leadership to effectively implement all components of SB 1, including Core Content Standards and Characteristics of Highly Effective Teaching and Learning (CHETL).
- II. **Goal:** To support districts in development and implementation of highly effective strategies to improve student achievement.

CHILDREN, FAMILIES AND COMMUNITY

- III. **Goal:** To improve academic achievement for preschool children in the OVEC Head Start and district preschools by using the Early Childhood Environmental Rating Scale (ECERS) to monitor and improve programs.
- IV. **Goal:** To generate effective parent involvement that supports students' academic, social and emotional development and to provide a vehicle for OVEC and districts to share the information with the families and community.
- V. **Goal:** To look into funding mechanisms for new or existing Head Start services/Early Head Start services.

FINANCE

- VI. **Goal:** To secure the resources to provide for the identified programs/services.

Future Policy Changes

Although every effort will be made to update the manual on a timely basis, the Board of Directors reserves the right, and has the sole discretion, to change any policies, procedures, benefits, and terms of employment without notice, consultation, or publication, except as may be required by contractual agreements and law. Consequently, the Board of Directors reserves the right, and has the sole discretion, to modify or change any portion of this manual at any time. Employees are advised to check the OVEC web site on a regular basis for new and updated policies.

Board Powers and Duties

01.1 Legal Status

OVEC is a legal body created by statutory authority of the State of Kentucky. Its members derive their responsibilities and powers from state law.

As hereafter referenced in this document, the “Board” shall refer to the superintendents that comprise the Board of Directors of OVEC.

The Board shall function and act as a corporate body of the whole. Board members have no authority over OVEC affairs as individuals, but do retain authority, within state law, over OVEC affairs when they act as the Board of Directors.

The Board will not be bound in any way by any action or statement on the part of an individual Board member.

01.11 Responsibilities

The OVEC Board of Directors shall be the policy making body for the Cooperative. Its powers and duties shall be to:

1. Appoint a Chief Executive Officer and determine his/her salary;
2. Develop and approve policies for the operation of the Cooperative;
3. Contract for specialized services;
4. Designate one or more banks or trust companies, as depositories for the Cooperative funds;
5. Approve the budgets for programs conducted by the Cooperative Board;

6. Receive federal, state, school district and other moneys and expend them to conduct the service programs approved by the Cooperative unit;
7. Accept the staff appointments made by the Chief Executive Officer;
8. Adopt employment policies for staff with assurances of equal employment opportunities; and,
9. Adopt a program of services with assurances of equal educational opportunities.

01.4 Meetings

Quorum

At any meeting of the Board, eight (8) or more of the participating superintendents (or their authorized representative) shall constitute a quorum. Except when a larger vote is required by law, motions can be favorable passed by a simple majority vote of those present. However, no action may be taken unless a quorum is present.

Voting

Robert's Revised Rules of Order will be the official guide of the Board for parliamentary rules, with the following exceptions:

1. The Chair may make a motion.
2. The Chair may second a motion.

Voting on all motions before the Board will be by roll call, except when a decision on a motion is taken by consent.

Members or their officially designated representative in attendance shall have voting privileges. The representative shall be empowered to vote on all issues and, therefore, to commit the district to actions taken by the Board.

01.411 Elected Board Officers

Officers of OVEC (Chair and Vice-Chair) shall be elected by simple majority vote from the voting membership.

The officers shall serve a term of one (1) year unless the Board chooses to re-elect the Chair and Vice-Chair for one additional term of office. Officers shall be limited to two (2) consecutive terms of office. The term of office begins on July 1st and ends on June 30th. The Vice-Chair will assume the office of Chair unless the current officers were reelected to their current positions.

Chair

The duties of the Chair of the Board shall be as follows:

- Preside at all meetings of the Board and will have a vote on motions placed before the Board for action
- Sign such documents on behalf of the Board if any require a signature.
- Represent the Board in deliberation with other boards, districts, or agencies, unless another member of the Board is so designated.
- Perform all duties required by the statute and other duties as may be prescribed by law or by action of the Board.

In the event that the Chair of the Board is absent from any meeting of said Board, the Vice-Chair of the Board will act as temporary Chair. In the event that the Chair and Vice-Chair are both absent, the Board will designate another member of the Board to act as temporary Chair.

If for any reason the Office of Chair becomes vacant, the Vice-Chair will assume the office of Chair. A new Vice-Chair will be elected on or before the second regular meeting following the vacancy and will serve out the remainder of the term of office.

Vice-Chair

The Vice-Chair will perform all duties of the Chair when acting in that capacity.

01.412 Secretary

The Chief Executive Officer will serve as secretary to the Board and will cause an accurate record of all Board business to be kept in the minutes book. These minutes will be typed and provided to each Board member by electronic means before the next regular or special meeting. After the minutes are adopted, they will be bound and kept in a permanent, safe place.

The Secretary will sign all papers and orders of the Board that require his/her signature, will be responsible for the safekeeping of other records, and will perform other duties as may be assigned by the Board or by statutes.

In the absence of the Secretary at a regular or special meeting, the Board will designate an acting Secretary who will be authorized to certify any and all proceedings acted upon by the Board.

01.413 Treasurer

The Chief Financial Officer shall serve as Treasurer of OVEC. The duties will be as follows:

1. Perform the duties and have the powers prescribed by law;
2. Serve as the official custodian of all funds of the Cooperative and will be responsible for the proper safeguarding and accounting of all funds;
3. Issue a receipt for any monies coming into his/her hands;
4. Deposit such monies in accordance with the laws governing the deposit of public funds; and,
5. Issue all warrants in payment of expenses lawfully incurred on behalf of the Cooperative, but, except as otherwise provided by law, will issue such warrants only after proper allowance or approval of the Board. The Treasurer will be covered under a blanket bond.

The Chief Executive Officer of the Ohio Valley Educational Cooperative shall cosign checks with the Chief Financial Officer.

01.42 Regular Meetings

As a general procedure, regular meetings of the Board are held on the last Wednesday of each month at the OVEC Office beginning at 11:30 a.m. The dates and places of the regular meetings are approved each year by the Board, entered in its minutes, and publicized by electronic means. Rescheduled regular meetings shall be noticed and held as special-called meetings. Notice of regular meetings is given to Board members by adoption of scheduled meeting dates and places.

All meetings of a quorum of the members of the Board at which any public business is discussed or at which any action is taken are to be public meetings, open to the public at all times, except as provided in KRS 61.810.

The Board may, at its discretion, conduct its meetings at places and dates other than those established above, provided that Board members have timely notice of such call.

01.421 Public Participation at Board Meetings

The public is invited to attend all regular and special Board meetings and may, at the discretion of the Chair, be given time to address the Board.

The Board recognizes its responsibility to conduct business of OVEC in an orderly and efficient manner and will, therefore, require reasonable controls for public presentations to the Board. Persons wishing to be heard by the Board will first be recognized by the Chair. They will then identify themselves and proceed with comments as briefly as the subject permits. The Chair is responsible for the orderly conduct of the meeting and will rule on such matters as the time to be allowed for public discussion, the appropriateness of the subject being presented, and suitability of the decision in determining the appropriateness of all such rulings.

Persons who wish to speak on items listed on the agenda should seek recognition at the time the Board considers that particular item. Persons who wish to speak on an item not listed on the agenda are required to seek recognition from the Chair.

01.43 Closed Sessions

All meetings of the Board will be open to the general public, except when the Board meets to discuss the following topics:

1. Deliberations on the future acquisition or sale of real property by the Board, but only when publicity would likely affect the value of a specific piece of property to be acquired for public use or sold by the Board;
2. Discussions of proposed or pending litigation against or on behalf of the Board;
3. Collective bargaining negotiations;
4. Discussions or hearings which might lead to the appointment, discipline, or dismissal of an individual employee without restricting that employee's right to a public hearing if requested. This exception shall not be interpreted to permit discussion of general personnel matters in secret;

5. Portions of a meeting devoted to a discussion of a specific public record, the disclosure of which would have a reasonable likelihood of threatening the public safety by exposing a vulnerability in preventing, protecting against, mitigating, or responding to a terrorist act, as limited by law; and,
6. Meetings which federal or state law specifically requires to be conducted in privacy.

These matters may be discussed in closed sessions only if the following conditions are met:

1. Notice shall be given in open meetings of the general nature of the business to be discussed in closed session, the reason for the closed session, and the specific provision of KRS 61.810 authorizing the closed session;
2. Closed sessions may be held only after a motion is made and carried by a majority vote in open, public session;
3. No final action may be taken at a closed session, except as permitted by law; and
4. No matters may be discussed at a closed session other than those publicly announced prior to convening the closed session.

01.44 Special Board Meetings

Special meetings of the Board may be called when they are necessary to expedite Board business.

The Chair or the secretary, by request of a majority of the members, may call a special meeting of the Board at any time. Notice of a special meeting will be delivered personally or by mail or e-mail to each Board member and to each local newspaper of general circulation, each news service, and each local radio or television station that has on file a request to be notified of special meetings. The notice shall be delivered at least twenty-four (24) hours prior to the specified time of the meeting. If such emergency conditions exist that injury, or damage to personal property, or financial loss to the Board is likely, less than twenty-four (24) hours notice may be given. However, notice that is reasonable under existing circumstances and is calculated to inform the public must be given to the news media and public.

Only those matters listed in the call for a special meeting may be discussed.

A special meeting may be a closed meeting if it deals with a subject for which statutory provision is made to allow consideration in closed session. In such a case, Policy 01.43 applies.

01.45 Agenda Preparation/Dissemination

The Chief Executive Officer will consult with the Board Chair concerning preparation of the agenda for all regular and special meetings of the Board.

Regular Meeting Agenda

The CEO will prepare the agenda for regular meetings that shall, with the unapproved minutes of previous meeting(s), be provided to the Board members via electronic means at least three (3) work days prior to each regular Board meeting.

Items of business may be suggested by the Board members or citizens for inclusion on the agenda. Business items suggested by citizens should be submitted in writing and received in the office of the CEO no later than ten (10) days prior to the scheduled meeting for consideration for inclusion on the written agenda.

Any item submitted after the printing of a regular Board meeting agenda, and approved by the CEO or Board Chair as an item requiring immediate action by the Board, shall be printed as an addendum and considered part of the agenda. The necessity for immediate action shall be listed on the addendum.

Special Meeting Agenda

For special meetings, the Board will consider only those matters that are listed on the agenda. Items may be placed on a proposed special called meeting agenda at the direction of the Chair and shall be placed on the proposed agenda if requested by a majority of Board members.

The agenda of a regular meeting may be amended at the meeting upon affirmative vote of at least a majority of the members of the Board or a majority of those present, provided a quorum exists. However, once the agenda for a special called meeting is posted or delivered to Board members and requesting media, it may only be amended when a new notice and reposting of the agenda, as amended, is completed prior to the twenty-four (24) hour period before the meeting as required by statute.

01.5 Board Policy

Development

The legal responsibility for policy-making and evaluating the effectiveness of policy execution belongs to the Board of Directors of OVEC. The Chief Executive Officer, as executive officer of the Board, sees that policies are executed as provided by law. Evaluation by the Board requires a continuous appraisal of the results of its educational policies, as well as the effectiveness of the general administration.

The Board determines all questions of general policy to be used in the governance of OVEC.

The Board reserves for itself the function of providing guides for discretionary action by those to whom it delegates authority. These guides for discretionary action constitute the policies governing the operation of OVEC. They will be recorded in writing.

The Board is the legislative body that determines all questions of general policy to be employed in the governance of the Cooperative. Action on policy changes is taken by the Board in accord with its by-laws.

Formulation and adoption of written policies constitute the basic method by which the Board exercises leadership in the operation of OVEC. The study and evaluation of reports concerning the execution of its written policies constitutes the basic method by which the Board exercises control over the operations of OVEC.

Adoption

The formal adoption of policies will be recorded in the minutes of the Board. The Board will adopt only those policies that it believes to be sound and workable. Only those written statements so adopted and so recorded are regarded as official Board policy. Policies are set by the Board to do the following:

1. Clarify relationships with employees;
2. Provide and give positive direction to employees; and
3. Aid in the evaluation of services and personnel.

Until duly amended or repealed, Board policy is binding on the Board and on employees and other parties dealing with the Board.

Whenever conditions require, policies of the Board may be added to or changed at any regular or special meeting of the Board. The CEO will prepare such policy for approval and adoption by the Board. Policies introduced and recommended to the Board will not usually be adopted until a subsequent meeting. Thus, time normally will be given to permit further study and also to give opportunity for interested parties to react. However, formal approval may be granted by the Board to meet emergency conditions for special events without waiting for a subsequent meeting.

In addition, upon recommendation of the CEO, the Board at any regular or special meeting may waive any regulation previously adopted when circumstances occur or experimental programs are initiated and when the Board determines such waiver or suspension is in the best interest of the schools of the participating districts. The date and duration of such waiver or suspension shall be determined in each instance when such action occurs and so recorded in Board minutes.

A favorable vote from a majority of the participating superintendents will be necessary to add or change policies.

Dissemination

The CEO is directed to establish and maintain an orderly plan for preserving and making accessible via electronic means the policies adopted by the Board and any administrative rules and regulations needed to put them into effect.

All employees are responsible for complying with all rules, regulations, and policies of the Board. In addition, employees must comply with Kentucky Revised Statutes, administrative rules and regulations, and oral directives of their supervisors. All employees are responsible for acquainting themselves with OVEC rules, regulations, policies, and state statutes. Employees who fail to comply with OVEC policies may be subject to disciplinary action.

The CEO also is responsible for settling any questions by citizens or employees arising out of the interpretation and application of established Board policies. The decision will be final unless a written appeal is made to and sustained by the Board. Appeals should be sent to the CEO in sufficient time to be included on the agenda for the regular meeting. When this is not possible, the complainant may be present at the Board meeting to state the complaint.

01.6 Minutes

The minutes of action taken at every meeting of the Board, setting forth an accurate record of votes and actions at such meetings, will be promptly recorded. Such records will be open to public inspection at reasonable times no later than immediately following the next meeting of the Board. An exception to this policy is when meetings are closed sessions held in accordance with Policy 01.43.

Minutes will be maintained in an official record book designated for said purpose. A copy of the proceedings will be sent to each member of the Board. Minutes may not be changed to reflect an individual's vote different from that actually cast. Minutes may only be amended to correct errors and to reflect an accurate account of actual conduct of Board meetings.

01.61 Records

INFORMATION SECURITY BREACH

Information security breaches shall be handled in accordance with KRS 61.931, KRS 61.932, and KRS 61.933 including, but not limited to, investigations and notifications.

Within seventy-two (72) hours of the discovery or notification of a security breach, the OVEC shall notify the Commissioner of the Kentucky State Police, the Auditor of Public Accounts, the Attorney General, and the Education Commissioner. 01.61

01.81 Liaison with School Board Associations

The Board will maintain membership in the Kentucky School Boards Association. In addition, the Board may periodically subscribe to services from regional and national school boards and associations.

01.821 Board Member Compensation and Expenses

Members of the Board may be reimbursed in accordance with OVEC travel regulations for all necessary expenses incurred in making any trips on official business for the Cooperative.

Section

2

Administration

02.1 Participation in OVEC Services and Programs

To participate in the programs and services of OVEC, a local board of education shall be a member in good standing, as determined by the OVEC Board, except for some grant programs and for programs designated by the CEO on a fee for services basis.

All employees and/or representatives of member districts shall be eligible to participate in activities of the Cooperative to the extent they have been sponsored by their board of education.

All participant costs associated with attending Cooperative activities shall be paid directly by the sponsoring district with the exception of those expenses reimbursable by federal, state, or local grants awarded to or managed by the Cooperative.

Individuals from non-member districts and agencies participating in Cooperative activities shall be required to be sponsored by their agency and any expenses for participation shall be paid directly by their agency.

02.11 Qualifications of the Chief Executive Officer

The Board holds the CEO responsible for the efficient management of the Cooperative. The Board expects the CEO to administer carefully the organization and administration of both material and personnel resources in such a way as to achieve the Board's objective of the best possible social and educational programs.

It is the responsibility of the Board to attract and retain the services of a qualified and experienced educator to serve in this capacity. The CEO must have demonstrated competence and ability as an educational leader.

02.12 Duties/Responsibilities of the CEO

While the primary functions of the Board are policy development and adoption and goal appraisal, the function of the Chief Executive Officer is executive. The CEO is the chief executive officer of the Board and is the administrative head of all programs of the Cooperative. The CEO may delegate duty and authority for the operation of the various programs, but retains responsibility to the Board for the results produced. The CEO administers OVEC, carrying out the policies established by the Board and, when necessary, identifying inconsistencies and recommending revisions in the Board's guidelines.

The Board will not bypass the CEO, but rather will leave administration of its policies to him/her. The execution of policy through detailed steps and procedures of administration is the duty and responsibility of the CEO, who may delegate authority to staff. The administrative function of the CEO is in keeping with the concept that the CEO carries out policy through the administrative function delegated to him/her by the Board. In assisting the Board in its appraisal function, evaluating and reporting are major responsibilities of the CEO.

The Board recognizes that the working relationship between the Board and the CEO is of prime importance. This relationship determines whether or not the CEO and Board can function effectively in their mutual roles. The Board must grant the CEO authority, support, and resources necessary to enable accomplishment of the job for which s/he was employed. Therefore, the relationship between the Board and the CEO must be based on mutual trust and understanding.

The Board's responsibility is to make its expectations known to the CEO. Such expectations will be based on clear understanding of the functions of OVEC and the CEO, as set forth in Board policy and state law and regulations.

For certified staff, contracts will be awarded for a maximum period of one (1) year (partial year for mid-year start).

Following successful completion of a six (6)-month probationary period, non-certified employees will be awarded a contract for the remainder of the current fiscal year.

Contracts for re-employment shall be presented to the employee on or before July 1 of each year. The contract should be returned to the immediate supervisor within ten (10) working days of receipt.

Employment of staff is employment with OVEC, but not in a particular position.

For employees who are hired pursuant to, and directly as a result of, an agreement with an outside agency, the terms of said employment shall be dictated by the agreement. If the policies stated above and the agreement differ or are in conflict, the terms of the agreement shall prevail.

Hiring of Relatives

The CEO shall not employ an individual when employment would result in direct line supervision of, or by, a relative of a current employee. For purposes of this policy, "relative" shall refer to father, mother, brother, sister, husband, wife, son, daughter, aunt, uncle, son-in-law, and daughter-in-law.

Creation of New Positions

The creation of a new position shall require prior approval of Board of Directors. The CEO shall employ all employees, but is encouraged to use the committee process regarding employment of any employee. Terms and conditions of employment for all employees shall be determined by the CEO, in accordance with OVEC Board personnel policies.

No director, manager, supervisor, or representative of OVEC has the authority to enter into any employment agreement, promise, or commitment for any specific period of time except the CEO. Any employment agreement shall be in writing and be signed by the CEO.

Job Posting

New and vacant positions of the Cooperative will be advertised through posting links on the OVEC web site. However, this process may be waived in filling those positions that are the direct result of a Memorandum of Agreement entered into by the Cooperative and an Agency.

The CEO shall give first consideration for openings to applicants who are current OVEC employees and who hold qualifications equal to or better than those required for the position. This provision shall not be interpreted to limit the discretion of OVEC to seek and obtain the best qualified individual for employment with OVEC. The posting shall include required education, experience, basic duties and responsibilities, date of opening and closing for acceptance of applications, and the salary of each position.

Criminal Records Check

The CEO or designee shall require all new employees to submit to a state criminal record check by the Background Investigation Bureau (BIB) or Administrative Office of the Courts (AOC) and a fingerprint police record check as part of the initial employment process. Additional background checks may be required for child care/daycare positions. OVEC will bear the cost of any of these services.

No Head Start employee or other employee directly responsible for working with students will be placed on the job until the CEO receives the results of any background check and verifies that the employee is qualified for final employment. After reviewing the background checks, the CEO shall either qualify the individual for final employment status or terminate the employment process. Reasons for terminating the employee on the basis of the background checks include, but are not limited to, past or present criminal behavior threatening to the welfare of children, other employees, school district employees, or the community. The CEO may also terminate the employment process as a result of the background checks if any reveal behavior or patterns of behavior inappropriate for an individual responsible for the welfare of children. In addition, the CEO may terminate the employment process if the background checks indicate criminal activity including but not limited to, fraud, embezzlement, or other misbehavior involving the handling of funds.

A state criminal record check shall also be performed every two (2) years for each OVEC employee.

All prospective employees whose job functions include financial management, budgeting, purchasing or executing payments, deposits, or preparing financial documents, shall be required to sign a document signifying their understanding of, and intent to comply with, established fraud prevention measures.

The CEO may require through bid specs or negotiation requirements that a contractor submit to a national and state criminal history background check by the Kentucky State Police and the Federal Bureau of Investigation in keeping with KRS 160.380. "Contractor" shall refer to an adult who is permitted access to school grounds on a regularly scheduled and continuing basis pursuant to a written agreement for the purpose of providing services directly to a student or students as part of a school-sponsored program or activity. The term "contractor" includes an employee of a contractor.

03.111 Medical Examinations

The Board may require an employee upon initial employment, to submit to medical examinations, including a TB test, provided they are based on job-related criteria and comply with ADA and privacy requirements. Initial examination will be at the expense of the employee.

03.113 Equal Employment Opportunity

The OVEC Board and the Chief Executive Officer shall exercise every equitable means to provide the opportunity for equal employment to all employees and applicants for employment, without regard to race, color, religion, sex, genetic information, national origin, political affiliation, age, handicap, disabling condition, or limitations related to pregnancy, childbirth, or related medical conditions in accordance with applicable state and federal law.

The Chief Executive Officer shall adhere to a policy of equal employment opportunity in all personnel matters, including employment, promotion, demotion, transfer, recruitment practices, layoff or termination, rates of pay or other terms of compensation, and selection for training in all positions.

The Chief Executive Officer is responsible for the overall adherence to this policy.

OVEC shall engage in a timely, good faith and interactive process to determine reasonable accommodations for an employee's limitations related to pregnancy, childbirth, or related medical conditions. Reasonable accommodation shall be provided as required by law.

Individuals with Disabilities

No qualified person with a disability, as defined by law, shall, on the basis of the disability, be subject to discrimination in employment.

OVEC employment practices shall be in accordance with requirements of the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973.

No human immunodeficiency virus (HIV) related test shall be required as a condition of hiring, promotion, or continued employment, unless the absence of HIV infection is a bona fide occupational qualification for the job in question as defined in KRS 207.135.

Employees who have a long term or permanent disability may request the CEO to provide reasonable accommodations necessary for them to perform the essential duties of the position. Reasonable accommodation shall be provided as required by law.

03.12 COBRA Notification

COBRA notification and continuation of benefits shall be contingent upon the employee's notifying OVEC of a qualifying event.

03.121 Compensation

Salaries

The Board of Directors shall establish the salary of the CEO annually. The CEO shall recommend salaries for all employees within the budget parameters established by the Board of Directors. The normal practice would be to grant co-op employees the average increase as provided by the system members.

An experience increment on the salary schedule shall be based on completion of a minimum 75% of the annual contract year of employment with a qualified educational or governmental agency in a fiscal calendar year. Addition of days to be worked beyond the original contract for a position requires prior Board approval.

Experience Verification – Non-Certified

Effective July 1, 2008, years of experience claimed by new non-certified hires and employees transferred internally shall be verified using procedures developed by the CEO/designee for purposes of establishing compensation. A maximum of ten (10) years verified non-OVEC experience for non-OVEC employment will be accepted.

Pay Dates

Employees shall be paid via direct deposit on the 15th and last day of each month or on the last preceding working day when the payday falls on a Saturday, Sunday, or holiday.

Overtime

FLSA non-exempt employees shall not work overtime hours beyond a forty (40)-hour workweek without prior written authorization of their immediate supervisor. If overtime is approved, and employees do not take compensatory time during the same workweek, then they shall be paid overtime pay at the rate of one and one-half (1½) times the regular hourly rate.

03.1211 Salary Deductions

The business office will distribute to each employee a form listing payroll deductions that are to be made by OVEC. No optional payroll deduction will be added during the remainder of the year.

Deductions for membership dues of an employee organization, association, or union shall only be made upon the express written consent of the employee. This consent may be revoked by the employee at any time by written notice to the employer.

03.122 Holidays and Annual Leave

Designated Holidays

All full-time employees shall be paid for holidays as follows:

DAYS EMPLOYED	PAID HOLIDAYS	PAID HOLIDAYS
185-219	4	Labor Day, Thanksgiving Day, Christmas Day, New Year's Day
220-250	6	Independence Day, Labor Day, Thanksgiving Day, Christmas Day, New Year's Day, Memorial Day
251-261	9	Independence Day, Labor Day, Thanksgiving Day, Day after Thanksgiving, Christmas Day, Day after Christmas, New Year's Eve, New Year's Day, Memorial Day

If any of these holidays occur on a non-workday, then the CEO shall select an alternate day for the observance.

Employees on Leave

Employees on paid leave of absence at the time of an official OVEC holiday shall receive pay for that holiday. Employees on unpaid leave of absence shall not be paid for the holiday.

Annual Leave

Each full-time (12 month) employee who is employed on a 240 to 260 day contract shall be allowed annual leave with pay at the following rate:

<u>Years of Service</u>	<u>Annual Leave Days</u>
0-3 years of service	0.83 leave day/month (10 days per year maximum divided equally over 12 months)
3+ years of service	1¼ leave days/month (15 per year maximum)

The first six (6) months of employment for a non-certified employee is considered probationary employment. During this probation period annual leave is accrued, but will not be available for use until the first day of the month following the completion of the probationary period. Should employment terminate or if the employee resigns during or at the end of a probationary period, any accrued leave is forfeited.

For employees who have worked three (3) years or longer, in a position qualifying for annual leave, or transfer into a position qualifying for annual leave, annual leave is accrued at the rate of 1¼ days per month, beginning the month after completion of their 3rd year anniversary. Annual leave shall accrue only when an employee is working or on authorized leave with pay.

An employee must have worked or been on paid leave for more than one-half (½) of the work days in a month to qualify for annual leave. Annual leave shall become available for use on the first day of the month following completion of a qualifying month. Leave shall be taken in half- or full-day increments.

If employment terminates or if the employee resigns on the last day of a month, the final day of earned annual leave will be included in any unused annual leave payout on the final check. However, failure to give required notice of resignation by the deadlines set out in policy 03.17 shall result in forfeiture of payment for accrued annual leave. If an employee is dismissed for cause, including, but not limited to, abandonment of job, accrued annual leave will be forfeited.

Annual leave may be accumulated and carried forward from one (1) fiscal year to the next, not to exceed twenty (20) days. Unused annual leave in excess of 20 days on June 30 will be credited to the employees sick leave account. The maximum annual leave to be credited to an employee's sick leave account each year shall not exceed fifteen (15) days. All annual leave must be approved and scheduled by the Chief Executive Officer or designee.

Absence due to sickness, injury, or disability in excess of that hereinafter authorized for such purpose or in excess of available non-work days will be charged against annual leave.

Employees are charged with annual leave for absences only on days for which they would otherwise work and receive pay.

When grants are to be terminated, accumulated annual leave must be taken during the grant work period. Any annual leave time not taken during the grant work period will be lost.

For any persons who move from a position that qualifies for annual leave to a position that does not qualify, annual leave will be paid out at the time of transfer.

Any employee who leaves a position that qualifies for annual leave for a period of 90 days or longer, through transfer or termination, and subsequently returns to a qualifying position shall not receive credit for years of service as it pertains to annual leave.

03.123 Absences/Unpaid Leave

Authorization of leave and time taken off from one's job shall be in accordance with a specific leave policy. Absence from work that is not based on appropriate leave for which the employee is qualified may lead to disciplinary consequences, up to and including termination of employment.

Absences

Employees are expected to notify their immediate supervisor when they must be tardy or absent. Staff in positions requiring substitutes must contact both their immediate supervisor and a substitute to work for the day.

An employee who is absent from duty without approval shall report the reason to his/her supervisor as soon as reasonably possible. Unauthorized and/or unreported absence shall be considered absence without leave and deduction of pay may be made for each period of such absence. Unauthorized absences include, but are not limited to, days which result in the employee failing to meet his/her contract commitment. Such absences without leave may be grounds for suspension or termination of employment. Three (3) or more such absences shall be cause for termination.

Leave Authorization

In order to provide the highest level of service, employees are expected to be at work and on time every day. However, when circumstances dictate, OVEC provides various types of leave under which absences may be authorized. Please note that in many cases a written request, submitted for approval before leave begins, is required. Employees taking leave must file a personal affidavit upon return to work. Authorization of leave shall be made in accordance with specific leave policy.

Short-Term Unpaid Leave of Absence

Provided an employee has exhausted all other available leave, the Chief Executive Officer may grant leave without pay for a period or periods not to exceed thirty (30) working days in any fiscal year.

The CEO may grant leave of absence without pay for a period not to exceed the length of the contract for the following purposes:

1. Assignment to and attendance at college, university, or business school for the purpose of training in subjects related to the work of the employee; and
2. Other purposes that are deemed to be in the best interest of the Cooperative.
3. Special leave of absence may be granted to all staff of the Cooperative in accordance with the limits set forth by the Board. When all paid leave options have been exhausted, a written request for unpaid leave of absence may be granted employees for extended personal illness, educational or professional purposes, or for immediate family illness, maternity, adoption of a child or children, or other disability.
4. When an employee is on leave without pay, they must follow the guidelines in the Appendix for continuing health insurance benefits if the employee qualifies for health insurance.

Holidays While on Unpaid Leave

Employees shall not be paid for holidays that occur during the unpaid leave period.

FMLA

Eligible employees may apply for leave under the provisions of the Family and Medical Leave Act of 1993. (See Policy 03.12322 FMLA.)

03.1231 Personal Leave

OVEC provides personal leave with pay to eligible employees who wish to take time off from work duties to fulfill personal obligations or to meet an emergency. Only employees in the following employment classifications who work at least 185 days and no more than 239 days are eligible to request personal leave as described in this policy:

* Regular full-time employees

* Regular part-time employees

* Probationary employees – Available upon completion of 6-month probationary period.

Personal leave may be granted for a period of up to two (2) calendar days every fiscal year (July 1 to June 30). Personal leave must be taken in increments of full days only.

Requests for personal leave will be evaluated based on a number of factors, including anticipated work load requirements and staffing considerations during the proposed period of absence.

Any unused personal leave on June 30 will be credited to the employee’s sick leave account.

03.1232 Sick Leave

OVEC provides paid sick leave benefits to all eligible employees for periods of temporary absence due to illnesses or injuries. Eligible employee classification(s) for sick leave include:

- * Regular full-time employees (including probationary employees)
- * Regular part-time employees (including probationary employees)

Bases on contractual status and effective July 1, 2010, eligible employees will be granted sick leave each year on the following basis:

<u>Contract Days</u>	<u>Annual Sick Days</u>
220-260	12 days
185-219	10 days
125-184	5 days

For employees hired after July 1 or on a limited contract extension, the number of sick days granted will be based upon the prorated days of the contract.

Paid sick leave shall be taken in half- or full-day increments. For purposes of this policy the working day is considered the number of hours per day specified in the employee’s contract. An eligible employee may use sick leave benefits for an absence due to his or her own illness, injury, or medical or dental appointments. Sick leave may also be used for the illness, injury or medical or dental appointments of a parent, child, brother, sister, or the spouse of any of them, or any person related by blood or affinity with a similarly close relationship.

Employees who are unable to report to work due to personal illness or injury should notify their direct supervisor before the scheduled start of their workday if possible. The direct supervisor must also be contacted on each additional day of absence. If an employee is absent for three (3) or more consecutive days due to personal illness or injury, a statement from the employee's health care provider will be required to verify the disability and its beginning and expected ending dates. OVEC may request such verification for other sick leave absences as well and such verification may be required as a condition to receiving sick leave benefits. An employee must provide administratively acceptable evidence or medical certification within fifteen (15) days of the agency's request. If the employee is unable to provide evidence, despite the employee's diligent, good faith efforts, he or she must provide it within a reasonable period of time, but no later than thirty (30) calendar days after the agency makes the request. If the employee fails to provide the required evidence within the specified time period, he or she is not entitled to sick leave.

Sick leave can also be taken for illness in the immediate family or for the purpose of mourning a member of the employee's immediate family. Immediate family shall mean employee's spouse, children (including stepchildren and foster children), grandchildren, daughters-in-law and sons-in-law, brothers and sisters, parents, spouse's parents, grandparents, and spouse's grandparents, without reference to the location or residence of said relative and any other blood relative who resides in the employee's home. OVEC limits leaves under these circumstances to three (3) working days; however the Chief Executive Officer may grant a reasonable extension of time.

OVEC also grants sick leave when the employee suffers from a catastrophic loss to his or her personal property due to either a natural disaster or fire that either has caused or will cause the employee to be absent.

Sick leave benefits will be calculated based on the employee's base pay rate at the time of absence. Unused sick leave benefits will be allowed to accumulate indefinitely. OVEC will accept sick leave days transferred from a district providing there has been no break in service of 90 days or longer. Sick leave must be transferred within the first 60 days of employment with OVEC. Any employee who leaves a position that qualifies for sick leave for a period of 90 days or longer, through transfer or termination and subsequently returns to a qualifying position shall forfeit any previously accrued sick days. Please refer to Policy 03.175 for information concerning benefits relating to unused sick leave at time of retirement.

OVEC may grant sick leave without pay to disabled employees for as long as the disability caused by sickness or illness or pregnancy last, provided the unpaid leave does not exceed the balance of the employee's contract. At the termination of sick leave without pay, the Board may reinstate the employee. For information concerning FMLA see Policy 03.12322.

Sick Leave Donations

Sick leave donation refers to the voluntary contribution of accumulated sick days by one employee to another employee under procedures established by this policy. Sick leave donation shall be considered under the criteria established in this policy.

Employees possessing thirty (30) or more accumulated sick days are eligible to volunteer up to fifteen (15) days of their accumulated sick days to another employee. A donating employee may not request an amount of sick days be donated that reduces his or her sick leave balance to less than fifteen (15) days. The Chief Executive Officer must approve the request to transfer sick leave days. An employee on probationary employment shall not be eligible to participate in the sick leave donation program.

An employee is eligible to receive donations of sick leave if:

1. The employee or a parent, child, brother, sister, or the spouse of any of them, or any person related by blood or affinity with a similarly close relationship suffers from a medically certified illness, injury or impairment or physical or mental condition that has caused or is likely to cause the employee to be absent for at least ten (10) days; or

The employee suffers from a catastrophic loss to his or her personal property due to either a natural disaster or fire that either has caused or will cause the employee to be absent for at least ten (10) or more days.

2. The employee receiving the donation must have exhausted their accumulated sick leave and all other available accumulated paid leave provided by the Cooperative.
3. The employee receiving the donation has complied with the Cooperative's policies governing the use of sick leave.

All donations of accumulated sick leave are voluntary and no employee or supervisory personnel may in any way require, demand, or pressure any employee to donate accumulated sick days. Violation of this provision shall result in disciplinary action by the Chief Executive Officer.

Any sick leave that remains unused or is not needed by the employee shall be returned to the employee donating the sick leave.

The Chief Executive Officer or designee shall maintain in current and accurate status the records of accumulated sick leave for each employee. Employees desiring to donate one or more accumulated sick days shall complete the appropriate Sick Leave Donation Form. The Chief Executive Officer or his/her designee shall verify that the donating employee as well as the recipient employee meets the requirements of this policy before approving the donation.

03.12322 FMLA (Family and Medical Leave)

In accordance with the federal Family Leave and Medical Act of 1993, OVEC provides family leaves of absence without pay to eligible employees who wish to take time off work duties for their own personal illness and to fulfill family obligations relating directly to the birth or illness of a child; the care for a newborn child; the adoption of or the placement of a child for adoption or foster care; or to care for the employee's seriously ill spouse, child or parent. In addition, FML may be requested for the following military related reasons:

1. To address a qualifying exigency (need) defined by federal regulation arising out of the covered active duty or call to active duty involving deployment to a foreign country of the employee's spouse, son, daughter, or parent who serves in a reserve component or as an active or retired member of the Regular Armed Forces or Reserve in support of a contingency operation; and
2. To care for a covered service member (spouse, son, daughter, parent or next of kin) who has incurred or aggravated a serious injury or illness in the line of duty while on active duty in the Armed Forces that has rendered or may render the family member medically unfit to perform his/her duties or to care for a covered veteran with a serious injury or illness as defined by federal regulations.

Leave to care for an employee's healthy newborn baby or minor child who is adopted or accepted for foster care must be taken within twelve (12) months of the birth or placement of the child.

Notices and Deadlines

Employees who may be eligible for or who request leave for any of the above reasons shall be provided an FMLA notice of eligibility and rights and responsibilities. OVEC may require that a request for leave be supported by a certification for health care or military-related situations as permitted by federal law, but such requirements must be set out in the required notice. Employees must request non-emergency leaves thirty (30) days in advance. Employees must request emergency leaves within two (2) working days of the emergency or as soon as practicable. Employees must submit their leave requests to the CEO or designee. If necessary, verbal requests may be made to the immediate supervisor or other administrator who shall immediately inform the Human Resources Department who shall properly document the leave and discuss the details of the FMLA and necessary FMLA documentation with the employee.

Deadline for Notice to be Provided: Absent extenuating circumstances, within five (5) business days of OVEC receipt of a request or OVEC being made aware of a potentially qualifying reason.

OVEC shall designate an employee's leave, paid or unpaid, as FMLA-qualifying and shall provide a designation notice indicating whether the request is approved or if additional information is needed. Leave may be delayed if the employee does not provide proper notice (30 days advance notice for a foreseeable leave); otherwise, notice as soon as the need becomes known).

Deadline for Notice to be Provided: Absent extenuating circumstances, within five (5) business days of learning that an FMLA reason supports the leave.

Eligibility

Regular full-time and regular part-time employees are eligible to request family leave if they have been employed by OVEC for at least twelve (12) months directly before the leave would start. OVEC calculates FMLA eligible leave on a rolling twelve (12) month period. In determining whether returning veterans meet the minimum 1,250 hour standard, hours actually worked for OVEC during the twelve-month period are to be combined with hours they would have worked for OVEC had they not been called for military service.

Eligible employees may request up to twelve (12) weeks of family leave within any twelve (12)-month period. FMLA leave is generally unpaid. When family and medical military caregiver leave is taken based on a serious illness or injury of a covered service member, an eligible employee may take up to twenty-six (26) workweeks of leave during a single twelve-month period. OVEC will require an employee to use any available sick leave concurrently with the FML if applicable, except that the employee may request to reserve ten (10) days of sick leave. This requirement shall not apply to employees taking workers' compensation leave.

Family and medical leave may be taken intermittently (when medically necessary) or on a reduced hours basis. It is the employee's responsibility to obtain proper documentation to be given to the Human Resources Department for review with the Chief Executive Officer.

Unless the employee waives medical coverage while on leave, medical coverage provided by the State of Kentucky's health insurance plans through OVEC will continue. The State of Kentucky will continue to make the State's portion of the premium payment while an employee is on FMLA. If the employee makes a contribution to his/her health insurance, then during the leave the employee must continue to make their contribution for medical coverage after the first thirty (30) days of family or medical leave. Failure to make this payment will, after a forty-five (45)-day grace period, result in termination of that employee's medical coverage by the State of Kentucky.

OVEC will reinstate employees, upon their return to work, into the health insurance plan with no break in coverage or pre-existing conditions. This shall apply even if the employee waives coverage or lost coverage during a family or medical leave. OVEC will suspend holiday benefits, during unpaid family leave. Email access will be turned off while an employee is on extended unpaid family leave.

When a family leave ends, OVEC will return the employee to the same position, if it is available, or to a similar available position at the same level of pay and benefits provided before the leave period. If an employee fails to report to work promptly at the end of the approved leave period, OVEC will assume that the employee has resigned.

Notice

OVEC shall notify employees of family and medical leave provisions by posting appropriate notices in conspicuous places in the main office and each worksite and distributing notices as required by law.

03.1234 Extended Disability Leave

Unpaid extended disability leave may be granted only after accumulated sick leave days have been exhausted.

A physician's statement shall be required when requesting an unpaid extended disability leave of absence. The statement shall indicate the nature of the illness and the estimated recovery time. A second physician's statement may be required on either the request of the CEO or the employee. The cost of the second physician's statement shall be borne by the party requesting the statement.

The length of extended disability leave shall be based on the recommendation of the employee's physician. Leave shall normally not exceed three (3) months.

The CEO may lengthen the period of extended disability leave granted based on the recommendation of the employee's physician and upon the employee's request. The requesting party will choose and pay for any physician charges. A second physician's statement may be required on the request of the CEO. The cost of the second opinion shall be borne by OVEC.

Employees on extended disability leave shall notify the CEO in writing of their intent to return to OVEC on or before the date prescribed. Employees who fail to notify the CEO of their return by the date prescribed may not be guaranteed employment for the following year.

When, in the opinion of the CEO, there is evidence that an employee is no longer able to perform satisfactorily the assigned duties, the CEO may require the employee to provide evidence of fitness in the form of an examination and report by a physician of the CEO's choosing. OVEC shall bear the cost of this examination. The CEO may place the employee on involuntary disability leave pending the physician's examination.

When the CEO's personal health is in question, the Board may place the CEO on involuntary disability leave pending a physician's examination.

The employee shall have the right to a hearing on such an involuntary leave and its renewal or extension.

In compliance with the Family and Medical Leave Act of 1993, medical leave shall be granted in accordance with Board Policy 03.12322.

03.1237 Jury/Court Leave

Employees shall be entitled to leave of absence from duties, without loss of time or pay, for that amount of time necessary to comply with subpoenas by any court, federal, state, or political subdivision thereof, to serve as a juror or witness, except in cases where the employee or a member of his/her family is a party plaintiff or defendant in court action. This leave shall include necessary travel time. If relieved from duty as a juror or witness during normal working hours, the employee shall return to work. Employees shall be granted jury duty with regular pay less any compensation received as jury pay.

Persons who will be absent from work for jury/court leave must give advance notice to their immediate supervisors. Documentation of such leave shall be provided upon the employee's return to work, including, but not limited to the initial letter notifying the employee that (s)he is to serve.

03.1238 Military/Disaster Leave

Employees shall be entitled to military leave, without loss of time, pay, regular leave, impairment of efficiency rating, or of any other rights or benefits to which they are entitled. Determination of the period of military leave to be granted shall be made according to statutory requirements and shall be based on the federal fiscal year.

The employee is responsible for notifying his/her immediate supervisor as soon as s/he is notified of an impending military-related absence.

Under KRS 61.395, the Board may grant disaster services leave to requesting eligible employees.

03.125 Travel Policy

Employees should refer to the OVEC Financial Procedures Manual developed and maintained by the Chief Financial Officer to establish procedures addressing fiscal matters including, but not limited to, the travel policies for the Cooperative.

03.1239 Legislative Leave

Upon written request, personnel shall be granted a leave of absence, without pay, to serve as a member of the General Assembly. Leave shall be for the period of service.

The Board may require personnel to take a leave of absence, without pay, while campaigning for any elective position.

03.1291 Employee Assistance Program

It is the sincere intent of OVEC to provide a work environment conducive to high employee productivity and job satisfaction. In order to minimize influences that can negatively impact employee morale and productivity, the Board provides eligible employees and dependents with the opportunity to participate in an Employee Assistance Program (EAP).

The EAP service provides a specified level of assistance to eligible employees and their eligible dependents as outlined in the agreement with the vendor. In the event that employees or their eligible dependents exceed the maximum level of services provided in the contract between the EAP vendor and OVEC, they may arrange to continue to receive services by paying for any additional services or use any applicable insurance program or both.

Voluntary Participation

Employees who are experiencing stress or difficulty coping to the extent they may feel their work performance is affected are encouraged to voluntarily seek counseling and information by contacting the EAP provider directly. Complete confidentiality is assured the employee by the EAP provider.

Administrative Referral

If an employee's work is so affected adversely by personal or other factors beyond the control of management, a program director may refer the employee to the Employee Assistance Program. However, the employee may refuse to take advantage of the program. In this case, supervisory personnel shall follow normal disciplinary procedures to address employee work performance.

In cases where the employee does take advantage of the Employee Assistance Program, it remains the responsibility of the employee to bring job performance up to acceptable standards.

03.1311 Transfer

Only the Chief Executive Officer is authorized to transfer employees. The Chief Executive Officer shall report all transfers made under this policy to the Board of Directors.

Voluntary Transfers

Employees desiring a transfer or reassignment and with proper qualifications shall be given due consideration. Requests shall be made in writing to the CEO with a copy sent to the employee's immediate supervisor. An employee shall not be permitted to transfer into a position where they would directly supervise or be supervised by a relative as defined in Policy 03.11.

Involuntary Transfers

When extenuating circumstances dictate the transfer or reassignment of personnel, the CEO shall have sole authority to make such transfers or reassignments. In such instances, the employee's preferences for assignment shall be given due consideration by the Chief Executive Officer.

03.1312 Promotion

Only the Chief Executive Officer is authorized to promote employees. The Chief Executive Officer shall report all promotions made under this policy to the Board of Directors.

When a new position or vacancy occurs that is at a level above an employee's current position, in terms of pay and/or responsibility, all qualified employees, except for those on probationary status, may apply for the position. The appointment process may require employees to compete for the promotional position with all other interested parties both within and outside the Cooperative.

The CEO may promote an employee into a vacant or new position without advertising the position or vacancy if such an action is in the best interest of the Cooperative.

03.132 Supervision

Each employee will be assigned a supervisor.

Job Descriptions

There shall be written job descriptions for all employees of OVEC. Job descriptions shall include qualifications, reporting relationships, performance responsibilities (including physical demands), work year, and salary schedule.

Standards of Conduct

In order to fulfill the mission and goals of OVEC, the work environment must reflect an atmosphere of cooperation and professional courtesy. To promote such an atmosphere, employees shall conduct themselves during their working hours and, in the context of their assigned duties, in a manner consistent with the following standards:

As directed by the immediate supervisor, exempt employees shall prepare a work plan showing days to be worked in fulfillment of their contract. Changes to the work plan shall be communicated to the immediate supervisor.

Timekeeping

Accurately recording time worked is the responsibility of every employee. Federal and state laws require OVEC to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is all the time actually spent on the job performing assigned duties.

Exempt employees will submit a work calendar showing the actual days worked to their supervisor for signature and approval. The completed, signed calendar must be submitted to the Executive Assistant no later than the fifth working day of the month following the calendar month.

Non-exempt employees should accurately record the time they begin and end their work, as well as the beginning and ending time of each meal period. They should also record late arrivals and early departure from work. Program directors or the Chief Executive Officer must approve overtime before it occurs. Unless granted prior approval, nonexempt employees must adjust their work schedule during the week to avoid working more than 40 hours in any workweek. In adjusting their schedule, the employees will consult with their immediate supervisor to take time off to keep from exceeding the 40-hour maximum and yet not cause undue disruption by being absent from work.

Altering, falsifying, tampering with time records, or recording time on another employee's time record may result in disciplinary action, up to and including termination of employment.

Nonexempt employees should report no more than 15 minutes before the scheduled starting time nor should they stay more than 15 minutes after the scheduled stop time without expressed, prior authorization from their supervisor.

Non-exempt employees must maintain their time sheet on an automated timekeeping system daily. It is the employee's responsibility to approve his or her time records daily to certify the accuracy of all time recorded. Any adjustments that need to be made must be reported to their supervisor immediately. At the end of each pay period, the supervisor shall review and approve the employee's time and process the reports for payroll. Timesheet reports shall be forwarded to the Executive Assistant no later than five (5) working days from the end of the pay period for review and approval and will be forwarded to the Payroll Department for processing.

03.14 Health and Safety

The Chief Executive Officer shall take all necessary and reasonable steps to create a safe and healthful working environment. Relevant federal and state occupational health and safety laws shall be followed. Employees shall cooperate with the CEO to help maintain a safe and healthful working environment. - Seek first aid for all injuries and report the injury to the supervisor as soon as possible;
- Report unsafe conditions, equipment or practices to supervisory personnel; and
- Observe conscientiously all safety rules and regulations.

When an employee reports an unsafe condition, equipment or practice to a supervisor, the supervisor shall provide written documentation confirming receipt of the report. On receipt of a report from an employee, the supervisor shall have the unsafe condition corrected or report the condition, in writing, to the CEO.

03.141 Bloodborne Pathogens

Exposure Control Plan. The CEO/designee shall develop a Bloodborne Pathogen Exposure Control Plan designed to meet the requirements of OSHA.

Identified Employees. The CEO shall identify those employees whose likely occupational exposure is to blood or other potentially infectious materials as a result of performing their job duties.

Employee Vaccination Program. OVEC provides hepatitis-B (HBV) vaccinations to all employees who have occupational exposure and provides post-exposure follow-up for all employees with an occupational exposure incident.

OVEC requires that only a licensed physician or licensed health-care professional perform or supervise all medical bloodborne pathogens (BBP) evaluations and procedures and that all BBP laboratory tests are at no cost to the employee.

OVEC provides to all identified employees, at a reasonable time and place and at no cost, all BBP evaluations, procedures, vaccinations, and post exposure management.

OVEC offers identified employees HBV vaccination within ten (10) working days of initial assignment to all employees exposed to blood or other potentially infectious materials, unless the employee has a previous HBV vaccination or unless antibody testing has revealed that the employee is immune or the vaccination unnecessary for medical reasons. OVEC agrees to provide the vaccine to employees who initially decline a HBV vaccination but later while still covered under the standard, decide to accept the HBV vaccination. If a doctor or other licensed health-care provider recommends a booster dose(s) at a future date, the implementation of such a recommendation is at no cost to the employee. Any employee who declines HBV vaccination must sign a waiver.

OVEC makes HBV antibody testing available to an employee who desires such testing before declining whether to receive HBV vaccination. If the employee is immune to HBV because of adequate antibody titer, then OVEC does not need to provide the HBV vaccine.

Medical Records. OVEC complies with OSHA requirements for record keeping BBP medical records on all employees for the duration of employment plus ten (10) years on all employees.

BBP Training. OVEC shall offer all employees an annual program of training on BBP and exposure to other potentially infectious materials. OVEC shall comply with OSHA requirements for maintaining training records.

Work Practice Controls. OVEC adopts policies and procedures to reduce the likelihood of employees being exposed to BBP. OVEC can accomplish this objective by altering the manner in which an employee performs a specific task. Included in OVEC control measures shall be an effective approach for infection control. OVEC shall consider all human blood and certain human body fluids as infectious for HIV, HBV, and other Bloodborne pathogens.

03.142 Workplace Threats and Violence

Threats, threatening behavior, or acts of violence against employees, visitors, guests, or other individuals by anyone on OVEC property will not be tolerated. Violations of this policy will lead to disciplinary action, which may include dismissal, arrest, and prosecution.

Any person who makes a substantial threat, exhibits threatening behavior, or engages in violent acts on OVEC property shall be removed from the premises pending the outcome of an investigation. OVEC will initiate an appropriate response, which may include, but is not limited to, suspension and/or termination of any business relationship, reassignment of job duties, suspension or termination of employment, and/or criminal prosecution of person or persons involved.

No existing OVEC policy, practice, or procedure should be interpreted to prohibit decisions designed to prevent a threat from being carried out, a violent act from occurring or a life-threatening situation from developing.

All OVEC personnel are responsible for notifying the Human Resource Department of any threat that they have witnessed, received, or have been told that another person has witnessed or received. This shall include oral, written, or electronic threats. Even without an actual threat, personnel should also report any behavior they have witnessed that they regard as threatening or violent, when that behavior is job-related, could be carried out on a company controlled site, or is connected to company employment.

Employees are responsible for making this report regardless of the relationship between the individual who initiated the threat or threatening behavior and the person or persons who were threatened or were the focus of the threatening behavior. If a Human Resources representative is not available, personnel should report the threat to their immediate supervisor or another member of the management team.

All individuals who apply for or obtain a protective or restraining order that lists OVEC locations as being protected areas must provide to Human Resources a copy of the petition and declarations used to seek the order. They must also provide a copy of any temporary protective or restraining order that is granted and a copy of any protective or restraining order that is made permanent.

OVEC understands the sensitivity of the information requested and has developed confidentiality procedures that recognize and respect the privacy of the reporting employee(s).

03.15 Confidentiality of Records

Data and information concerning students may be collected to provide a sound basis for educational decisions and to enable OVEC program staff to prepare necessary reports. The Chief Executive Officer shall establish procedures for confidentiality and information access in compliance with the Family and Education Rights and Privacy Act.

Student information shall be made available to the parent of a dependent student or eligible student on request. Eligible students include those eighteen (18) years of age or over or those duly enrolled in a post-secondary school program. Parents or eligible students shall be provided a copy of records on written request. Such copies shall be provided in a manner that protects the confidentiality of other students.

The parent or eligible student shall be granted a hearing regarding the contents of the record on written request to the CEO. If the hearing results in a finding that the record is inaccurate or misleading in whole or that information in the record violates the privacy or other rights of the student, it shall be duly amended. If the hearing finds no impropriety in the record, the parent or eligible student will be informed of the right to enter in the record a comment or exception to the written record.

No individual or agency may have access to the record without the written consent of the parent or eligible student except the following as provided by law:

- Other staff of the Cooperative or member school districts who have been determined by the Chief Executive Officer to have a legitimate educational interest;
- Officials of another school or school district in which the student enrolls or plans to enroll;
- Authorized representatives of specific federal and state officials authorized by law;
- State and local officials to whom reports are mandated by statute;
- Organizations conducting educational studies for a legitimate educational purpose, provided the confidentiality will be assured;

- Accrediting organizations in carrying out their functions;
- Compliance with a judicial order or lawfully issued subpoena; and
- Appropriate parties in a health or safety emergency as determined by the Chief Executive Officer.

Personally identifiable student information may be released to those other than employees who are designated by the CEO in connection with audit, evaluation, enforcement, or compliance activities regarding Federal or State programs. Such designation must be executed in writing with the authorized representative and specify information as required by 34 CFR Part 99.35.

Duty to Report

If it is determined that OVEC cannot comply with any part of FERPA or its implementing regulations due to a conflict with state or local law, the CEO/designee must notify the Family Policy Compliance Office (FPCO) within forty-five (45) days of the determination and provide the text and citation of the conflicting law.

A list of all individuals or agencies who request access to the record, whether or not it is granted, shall be maintained in the record and accessible to the parent or eligible student. The list shall include name, address, and purpose of inspection.

When student records are transferred pursuant to a student transfer out of a program operated by the Cooperative to a similar program operated by another agency, a reasonable attempt shall be made by the CEO/designee to notify the parent or eligible student.

Annual notice shall be provided to parents or eligible students of the types and locations of student records maintained by the Cooperative, the titles of officials responsible for the records, and of the parents and eligible students' rights to access such records.

Employee Records

Human Resources personnel shall maintain a master personnel file for each employee that documents employment history. This file shall be under the custody of the CEO/designee.

All employee records are to be considered confidential and, except for access by the individual employee, are available only to other personnel as designated by the CEO. Those portions of personnel records containing material of a personal nature, the disclosure of which would constitute an invasion of privacy, are not open for public inspection.

Medical information shall be maintained separately from other information in an employee's personnel file.

03.16 Communications/ Grievances

Staff Involvement

The Board believes that, to the extent practicable, employees affected by major decisions should have the opportunity to have input or make recommendations to the CEO. Appropriate areas for broad participation by employees would include, but not be limited to, development of policy.

Lines of Communication

OVEC employees shall be informed of approved lines of communications and required to follow these lines in carrying out their duties.

Grievances/communications are individual in nature and must be brought by the individual employee.

Examples of conditions that may be causes for grievance include:

- Application of Cooperative policies, practices, rules, regulations and procedures believed to be to the detriment of an employee;
- Treatment considered unfair by an employee, such as coercion, reprisal, harassment, or intimidation;
- Improper or unfair administration of employee benefits or conditions of employment such as annual leave, fringe benefits, holidays, salary, seniority, or performance; or
- Appraisal of working conditions.

Examples of conditions that shall not be considered as causes for grievance include:

- Cooperative policy, state or federal law, regulation or funding sources;
- content of a funding requirement;
- non-selection or promotion (requires an appeal);
- an evaluation or performance rating;
- any adverse action, e.g. termination, demotion, transfer, etc. (requires an appeal); or

- a simple disagreement.

Harassment/discrimination allegations shall be governed by Policy 03.162.

Grievances

It is the policy of OVEC to provide employees with the opportunity for redress of job actions or conditions that the employee believes unfair, in conflict with policies, or in violation of state or federal law.

Any employee dissatisfied with working conditions or other management-controlled matters may file a written grievance to seek correction or relief. A grievance may be filed when the employee believes that rules have been interpreted or applied incorrectly or when there is no rule governing a condition that the employee believes unjust.

All grievances will be resolved fairly and promptly.

A grievance is an employee's expressed feeling of dissatisfaction concerning conditions of employment or treatment by management, supervisors, or other employees.

Retaliation

Employees will not under any circumstances be penalized for using the grievance procedure. Supervisors are responsible for ensuring that the grievance is fully processed until the employee is satisfied with the decision or until the employee's recourse within the grievance procedure is exhausted. All employees and their representatives are assured freedom from restraint, interference, coercion, discrimination, harassment, or reprisal in preparing and presenting a grievance under the specified procedure.

Failure to file a grievance in accordance with the procedure will result in forfeiture of the employee's rights to relief through the grievance procedure. Failure on the part of management to follow procedures or to render a decision in a timely fashion shall result in a decision in favor of the employee entitling him/her to the requested relief, to the extent that it is within the ability and authority of OVEC to provide such relief.

Procedures

All management responses to a grievance will be in writing.

The aggrieved must file a grievance within ten (10) working days after the condition occurred, unless the condition is continuous in which case the grievance may be filed any time during which the condition exists or within ten (10) working days of its cessation.

The person initiating the grievance is required to put it in writing. The grievance must be taken to a supervisor at the lowest level who can take measures to rectify the condition.

Informal Review

The supervisor to whom a grievance is submitted must provide a written decision within two (2) working days, along with a full explanation of the decision. If the grievant is not satisfied, or if the supervisor does not provide a written decision within five (5) working days, the grievant may submit a written request for review and a new decision from the next supervisory level, following this procedure through to the Chief Executive Officer. However, no employee must be required to go through more than two (2) supervisory levels in the informal process to reach the CEO. At each level, the grievant must be provided with a written decision within five (5) working days. Previous decisions must accompany such requests for further review.

Written decisions will provide the grievant with a decision that concurs with the previous decision, modifies the previous decision, or rejects the previous decision and provides the employee with a new decision.

Formal Review

If the employee has not been satisfied through the informal process, the employee may choose to file a formal, written grievance with the Grievance Committee, as designated by the CEO. The grievant may turn to the formal process if the employee is not satisfied with the CEO's decision, or if the CEO fails to provide a written decision within the specified time frame, or if staff responsible fail to implement the CEO's decision. The formal written grievance must be accompanied by all previous written decisions.

A Cooperative-wide Grievance Committee shall consider grievances of staff from any program or section within the Cooperative. The Committee shall be composed of at least one (1) member from program groups, for example, Head Start Policy Council. The Grievance Committee will have an odd number of members and act by simple majority vote of its members. The Grievance Committee may decline to hear a grievance that is beyond the authority or capacity of the Cooperative to resolve.

A hearing of the Grievance Committee will be held within ten (10) working days of the receipt of the formal grievance. The aggrieved employee, CEO, and, if applicable, the Program Director will receive copies of the final decision. Aggrieved employees may be represented and/or advised by a representative of their own choosing.

However, the following may not represent the grievant:

- Persons in direct line of supervision over the employee;
- Human Resources/Accounting
- A Cooperative staff person of higher rank than any person against whom the grievant makes a charge;

- The Chairperson of the Board of Directors or any program policy group; or
- An employee of any agency or organization that funds the Cooperative.

Expenses for the grievant and representative must be borne by the aggrieved.

The aggrieved may seek direct access to the Grievance Committee without going through the informal stage if the grievance involves any of the following:

- Failure of a supervisor to follow procedures in a situation seriously affecting the employee;
- Reprisals against an employee for other grievances or complaints;
- Threatened adverse action for such actions as alleged non-payment of debts in the absence of legal process, such as garnishment;
- Denial of an employee's reasonable opportunity to pursue or adhere to religious beliefs or other First Amendment rights;
- Failure of management personnel to follow the time frames specified in the grievance procedure;
or
- Violation of the Fair Labor Standards Act.

The decision of the Grievance Committee shall be subject to review by the CEO, who may approve the decision or modify it. Any further appeals must be made outside the Cooperative to a court of law, Equal Employment Opportunity Commission, or Human Rights Commission.

Grievances concerning the CEO shall be handled by the Board of Directors.

03.161 Due Process

All employees have the right to required due process in the resolution of a dispute regarding adverse action taken against them.

An employee who is being disciplined due to poor job performance or for other good cause has the following rights:

1. The right to know the specific reason(s) for the disciplinary action;

2. An opportunity to be heard, including
 - a. The right to present witnesses on his/her behalf;
 - b. The right to representation at the employee's expense by a person of their own choosing (subject to the restrictions of these policies and procedures);
3. A prompt decision rendered in writing;
4. Redress for OVEC failure to follow its own policies and procedures, including the employee's right to due process;
5. Redress for gross disregard of the facts or evidence in a case at earlier stages of an appeal, whereupon if the employee alleges and can prove in writing such disregard, the CEO may review the merits of the case; and
6. The right to appeal the decision of OVEC or its governing bodies to independent external bodies, such as the State or local Human Rights Commission, Equal Employment Opportunity Commission, or courts of law.

03.162 Harassment/Discrimination

Definition

Harassment/Discrimination of employees is unlawful behavior based on the race, color, national origin, age, religion, sex, genetic information, disability, or limitations related to pregnancy, childbirth, or related medical conditions of an employee involving intimidation by threats of or actual physical violence; the creation, by whatever means, of a climate of hostility or intimidation, or the use of language, conduct, or symbols in such manner as to be commonly understood to convey hatred or prejudice. For purposes of this definition, charges of sexual harassment may include persons of the same or opposite sex.

Prohibition

Harassment/Discrimination is prohibited at all times on OVEC property and off OVEC grounds during OVEC-sponsored activities. If allegations are made against any party other than the CEO, the CEO shall provide for the following:

1. Investigation of allegations of harassment/discrimination to commence as soon as circumstances allow, but not later than ten (10) working days from submission of the original complaint regardless of the manner in which the complaint is communicated to the CEP, program director, or Human Resources personnel. - such other measures as determined by the CEO.
- 5. Training explaining prohibited behaviors and the necessity for prompt reporting of alleged harassment/discrimination.
- 6. Development of alternate methods of filing complaints for individuals with disabilities and others who may need accommodation.

Field based staff assigned to a work site in a member school district shall notify the Chief Executive Officer of any complaint of harassment, sexual or otherwise, perpetrated on the employee by a district employee. The CEO shall notify the employee of the name of the district's staff member assigned to handle harassment complaints. The responsibility for handling the complaint will reside with the district involved.

Employees filing a complaint concerning alleged harassment/discrimination shall follow the process and timelines set out for other grievances. (Please refer to Policy 03.16.)

Depending on the circumstances and facts of the situation, and within the definition of harassment/discrimination contained in this policy, examples of conduct and/or actions that could be considered a violation of this policy include, but are not limited to:

5. Implied or overt threats of physical violence or acts of aggression or assault based on any of the protected categories;

6. Seeking to involve individuals with disabilities in antisocial, dangerous or criminal activity where they, because of disability, are unable to comprehend fully or consent to the activity; and

In applicable cases, employees must also report harassment/discrimination to appropriate law enforcement authorities in accordance with KRS 158.156.

Retaliation Prohibited

No one shall retaliate against an employee or student because s/he submits a grievance, assists or participates in an investigation, proceeding, or hearing regarding the charge of harassment/ discrimination of an individual or because s/he has opposed language or conduct that violates this policy.

Upon the resolution of allegations, the CEO shall take steps to protect employees and students against any form of reprisal or retaliation for having filed a good faith complaint under this policy.

Other Claims

03.17 Employee Discipline, Termination and Resignation

Any employee who violates an OVEC rule or regulations, policy, procedure, and standard of employee conduct and behavior may be subject to disciplinary action. Disciplinary actions may be taken against an employee when, in the judgment of the supervisor, such action is warranted. Discipline shall be commensurate with the behavior.

1. Dishonesty, neglect of duty, incompetence, inefficiency or insubordination.

2. Reporting to work under the influence of or use or possession of alcohol while on duty, or the illegal use or possession of controlled substances at any time.

6. Violation of or refusal to obey OVEC policies or state regulations adopted by the Kentucky Board of Education or by the Board.

8. Criminal convictions for felonies or other acts of conduct occurring on or off the job which are directly related to job performance, or reflect adversely upon OVEC or its operations, or are of such nature that to continue the employee in the assigned position could constitute negligence in regard to duties to students, program participants, employees, and to the general public.
9. Immorality or other unprofessional conduct.
10. Loss of licensure or certification required for the assigned position.
11. Behavior that poses a threat to the operation of OVEC or to the safety and well-being of the individual or others or to property.

Resignation

If an employee voluntarily resigns, the resignation shall be in writing and shall become binding on the date the resignation is accepted by the CEO. The resignation is effective on the date specified in the letter of resignation. A resignation, once accepted, may be withdrawn only with the approval of the CEO. Resignations must come before a Holiday if the employee will not be returning to work after the Holiday. In the absence of a specific policy or written agreement to the contrary, employees are free to resign at any time. However, all employees are expected to give written notice of their intent to resign. Such notice should be delivered to the Program Director or CEO in advance of the date of resignation as follows:

Certified staff – twenty (20) working days

Non-certified staff – ten (10) working days

Failure to give the required notice may result in forfeiture of OVEC paid benefits, including accrued vacation, and ineligibility for re-employment.

Before the effective date of a resignation, the employee must arrange for an exit interview to determine the reason for the decision; to ensure return of petty cash and/or Cooperative property; to settle any outstanding obligations; to make provisions for completing unfinished work; and to explain conversion benefits under the Cooperative's group insurance plans and other vested benefits available to the employee under the Cooperative's benefit plan (COBRA). A written report of the employee's exit interview will be placed in the employee's personnel file.

03.171 Non-renewal and Staff Reduction

In the event the Board chooses, upon the recommendation of the Chief Executive Officer, to non-renew a limited contract, written notice shall be provided to the employee no later than May 15 of the year in which the contract is in effect. Upon written request by the employee, the CEO shall provide a written statement containing the specific, detailed, and complete grounds upon which non-renewal of the contract is based.

In the event of a decrease in or loss of funding, the Board shall have full authority to reduce the number of employees. Upon recommendation of the CEO and approval of the Board, a reduction of staff for any position may occur. Further suspension of contracts may be made pursuant to KRS 161.800.

Non-renewal of contracts or staff reduction of those employees who are hired pursuant to and as a direct result of an agreement with an outside agency shall occur upon termination of the agreement between OVEC and the agency under which they were hired, upon voluntary resignation of the employee, or upon such other terms in said agreement.

03.172 Sanctions

Reprimand

Except in the case of a serious violation, a reprimand should be preceded by a warning. Reprimands shall be placed in writing and must contain the specifics of the conduct for which the employee is being reprimanded and be signed by the employee and the supervisor. The employee's signature assures only that the reprimand has been discussed with the employee and does not necessarily constitute the employee's agreement with the contents of the reprimand. The appropriate program director must receive a copy of the reprimand and forward it to the Human Resources Department to file in the employee's personnel file. If employees receive two (2) reprimands for the same offense during a twelve (12) month period or three (3) reprimands for any problem during that same period, they are automatically placed on disciplinary probation.

Disciplinary Probation

The term of a disciplinary probation shall not exceed twenty (20) working days. An employee on disciplinary probation shall receive a written explanation of the reason for the disciplinary action, signed by the program director and the employee, with a discussion of the corrective actions the employee must take and the supervisory assistance that will be available to help the employee improve performance. The employee's signature assures only that the offense, and subsequent probationary status, corrective measures and length of probationary period have been discussed with the employee and does not necessarily constitute the employee's agreement with the reason for disciplinary probation. The program director and the employee must receive a copy of the probationary action and a third copy is to be forwarded to the Human Resources Department to be placed in the employee's personnel file. At the end of the specified period, the appropriate program director shall remove probationary status or, if no improvement has been made, shall recommend to the Chief Executive Officer the employee's suspension without pay or termination.

Any employee may be placed on disciplinary probation when work performance deteriorates and the program director believes it necessary to impress upon the employee the need for improvement. Employees who improve satisfactorily during the probationary period may be restored to regular status. Failure to gain a satisfactory performance rating during probation will result in transfer, demotion, suspension or termination.

Any employee placed on disciplinary probation more than twice during a twelve (12) month period will be subject to being suspended without pay or recommended for disciplinary termination by the employee's program director to the CEO. This suspension or disciplinary termination must be consistent with the offenses that lead to placements of disciplinary probation.

Regular employees who have been placed on probation are eligible for paid holidays, but may not take annual leave during the probationary period.

03.1721 Conflict of Interests

An actual or potential conflict of interest occurs when an employee is in a position to influence a decision that may result in a personal gain for that employee or for a relative as a result of OVEC business dealings. Personal gain may result not only in cases where an employee or relative has a significant ownership in a firm with which OVEC does business, but also when an employee or relative receives any kickback, bribe, substantial gift, or special consideration as a result of any transaction or business dealings involving OVEC.

No OVEC employee with decision-making authority over the financial position of OVEC shall have any pecuniary interest, either directly or indirectly, in an amount exceeding twenty-five dollars (\$25.00) per year, at the time of or after appointment, in supplying any goods, services, property or merchandise for which Cooperative funds are expended. Nor shall any such person receive directly or indirectly any gift, reward, or promise of reward for goods, services, property, or merchandise of any kind for which OVEC funds are expended.

Unless prior arrangements are made with the CEO, any device, publication or any other item to be copyrighted developed during the employee's paid time shall be OVEC property.

Employees shall not profit monetarily through use of confidential information gained in the course of or by reason of their position of employment with OVEC.

Exception

This policy shall not prohibit the CEO from approving non-contracted personal services for the benefit of OVEC.

03.173 Suspension

Suspension with Pay

An employee shall be suspended with pay only when the CEO determines there is a justifiable safety need or to prevent significant disruption of the workplace and/or educational process. The period of suspension with pay shall not exceed the time needed to determine whether the employee is to return to active service or face disciplinary action. Typically, suspension with pay shall not exceed ten (10) working days. However, if circumstances arise that require an investigation or other proceedings that may extend beyond ten (10) days, the CEO may lengthen the period of suspension, not to exceed an additional fifteen (15) working days. Employees suspended with pay shall remain available for immediate recall to active service.

Suspension without Pay

A period of suspension without pay shall not exceed (20) working days. Suspension by the CEO at the recommendation of a program director (or by the program director in cases of violations as defined below) shall result in employees being relieved immediately of their duties. Suspension may result from previous cumulative disciplinary action or may occur without prior supervisory correction if, in the opinion of the CEO, the employee's offense is so severe that continued presence on the job may result in danger, threat, or harm to the students, staff, cooperative property or equipment, or to the employee.

An employee who is suspended shall receive a written explanation of the reason for the suspension, signed by the CEO and the employee. The employee's signature assures only that the offense, and subsequent terms of suspension have been discussed with the employee and does not necessarily constitute the employee's agreement with the reason for suspension. The appropriate program director must receive a copy of the suspension action and place it in the employee's personnel file.

Employees on suspension without pay shall lose pay and fringe benefits for the period of suspension. An employee may arrange to maintain insurance benefits during the suspension without pay, provided they pay the premiums to keep benefits in paid status.

Consultation between the employee, his/her immediate supervisor or program director, and the CEO or designee must occur before the employee is reinstated.

Any employee suspended without pay more than twice during a twelve (12) month period will be demoted or recommended for disciplinary termination by the employee's program director to the CEO. This disciplinary termination must be consistent with the offenses for which they were suspended.

03.174 Reinstatement of Staff Members

The CEO shall have the authority to reinstate personnel immediately upon receipt of information that s/he believes justifies reinstatement or upon the reinstatement of an agreement with the outside agency under which employee was previously employed.

The CEO shall report to the Board the reinstatement and the rationale for such action at the next meeting following the reinstatement.

03.175 Retirement

Definition

Retirement means retirement from the Teachers' Retirement System (TRS) or County Employees Retirement System (CERS).

Qualifications

All certified employees and all other employees required to hold a degree from a four (4)- year college or university accredited with the U.S. Department of Education are required to participate in the TRS. Qualified non-certified employees are required to participate in the CERS upon completion of their six-month probationary period.

Notice

Persons retiring should give the CEO notice as far in advance as possible, but not less than twenty (20) working days prior to retirement for certified and non-certified staff.

Responsibility

Retirement benefits shall be solely a matter of contract between the employee and the Teachers' Retirement System or the Kentucky Retirement System and shall not be the responsibility of OVEC, except that OVEC shall deduct and send to the Teachers' Retirement System Kentucky Retirement System those amounts required under Kentucky law.

Unused Sick Days

Provided an individual has been employed by OVEC for at least four (4) consecutive years prior to retirement, OVEC shall compensate eligible certified employees at the time of retirement for 30% of unused sick leave days at the rate of their current daily salary.

Provided an individual has been employed by OVEC for at least four (4) consecutive years prior to retirement, based on unused accumulated sick leave, OVEC shall purchase for each eligible retiring non-certified employee up to six (6) months of service credit.

Payout of Unused Annual Leave

Employees retiring under TRS or CERS shall be paid for unused accrued annual leave with payment included in their final check. However, failure to give written notice of retirement at least twenty (20) working days prior to retirement shall result in forfeiture of payment for accrued annual leave.

Escrow Account

OVEC has created an escrow account to maintain the funds necessary to reimburse employees who qualify for the benefit. At least 50% of each year's maximum liability shall be included as a line item in the General Fund Budget.

To fund the escrow account, each fund or project shall contribute a percentage of salaries of certified employees as processed through the OVEC payroll system. The percentage shall be .05% unless revised by the Board upon the recommendation of the CEO.

Outside agencies or member districts leasing employees from OVEC shall assume responsibility for the escrow payment to OVEC. Member districts leasing OVEC employees shall be charged the escrow fee as part of the Memorandum of Agreement with OVEC for leased employees.

Review

This policy is subject to review and possible amendment annually.

03.18 Evaluation of Staff

The CEO/designee shall be responsible for evaluating OVEC personnel.

Although supervisors and employees should discuss job performance and goals on an informal, day-to-day basis, formal evaluations will be completed annually not later than April 15th of each year. The evaluations shall document employee performance in relation to the responsibilities set out in the employee's job description and specific areas in need for improvement.

Immediate supervisors should complete a summary evaluation for new probationary employees and for employees experiencing performance problems each month, but no less frequently than every ninety (90) working days.

For those employees who are hired pursuant to, and as a direct result of, an agreement with an outside agency, evaluations may be made by said agency, in lieu of the requirements set forth herein. The evaluation should contain input from the local education agencies (LEAs) to which the staff person may be assigned.

The procedures for evaluations shall be established and implemented by the CEO. Evaluations, along with any response materials an individual employee wishes to submit, are confidential and will become a part of the employee's permanent record.

The evaluation shall be discussed with each employee, and, if needed, the employee and evaluator will develop a professional growth plan. If the employee is hired as a result of an agreement with an LEA, such LEA superintendent or designee may participate. The employee will be asked to sign the evaluation indicating the evaluation has been discussed with the employee, but not necessarily to imply agreement or disagreement with the evaluation. If an employee believes that the evaluation procedures established and implemented by the CEO have not been followed, the employee may submit an appeal within ten (10) days of the evaluation, of the procedural issue only, to a three (3)-member appeal panel elected from the full time staff of OVEC.

The evaluation may form the basis for decision of the CEO regarding the individual's continued employment with OVEC.

03.19 Professional Development

The CEO may authorize attendance of employees at professional meetings or activities, without pay deductions, provided such attendance promotes the educational purposes of the Cooperative.

03.6 Volunteers

OVEC supports and promotes parent and volunteer involvement in its instructional programs. Under the direction and supervision of program staff, volunteers may assist in both instructional and non-instructional activities of children in the Head Start program. Volunteers also may be used in other school and community based programs operated by OVEC to the extent the individuals are supervised by program staff.

In order to comply with Kentucky law, all volunteers who have contact with children in public schools, including Head Start children, on a regularly scheduled or continuing basis shall complete and have on file a criminal records check conducted by the Administrative Office of the Courts.

“Volunteer” may refer to a parent, guardian or other family member and may include, but not be limited to, the following:

- Translator
- Interpreter
- Foster grandparent
- Childcare workers for parent education training

OVEC shall not allow any individual to volunteer in its programs when a criminal records check uncovers any drug-related or sex-related criminal offense, other felony offenses, or other such offenses that OVEC deems as posing a serious or unnecessary risk to the well-being of children or program staff. All other individuals will be welcomed as volunteers in our programs. However, a criminal records check must be completed and a report received from the Administrative Office of the Courts before any individual is permitted to volunteer in a program.

To avoid conflicts that may arise during the decision-making process for procurement of services and products for the District, employees shall adhere to the ethical standards set out in KRS 45A.455.

Federal Awards/Conflict of Interest

No employee, officer, or agent of the District may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.⁵

The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. In determining whether an activity constitutes an impermissible acceptance of a gratuity or item of monetary value, the definition of “gratuity” (covering anything of more than fifty dollars [\$50] value) set forth in KRS 45A.445 shall apply. Violation of these standards may result in disciplinary action including, but not limited, to suspension, dismissal, or removal.

When an exception has been granted allowing a concealed weapon to be brought into the building during the normal workday, the CEO shall notify division directors.

Employees who have obtained a license to carry a concealed weapon may store the weapon in their personal motor vehicle while on OVEC property, provided the unoccupied vehicle remains locked during the workday and the weapon is not removed from the vehicle without the CEO's authorization.
