

The power of public schools is evident in THE STORIES WE TELL.

#TellingOurStoryKy

OVEC educators, community members, students, and families!

We want to showcase the positive things that occur daily in our public schools. Stories of hope and transformation. Stories of equity. Stories of inspiration. Stories of success.

Here are a few ways you get involved!

1. Take your picture with the [selfie page](#) and share it on your social media page with the hashtag *#TellingOurStoryKY*
2. Interview a person who goes to or went to public school in Kentucky and create a one page story! ([Here](#) is an example!)
3. Like, retweet and share posts you see with the *#TellingOurStoryKY* hashtag! This could be on Twitter, Facebook, or Instagram!

All of these opportunities will magnify what our districts are doing each and every day to promote student successes.

If you prefer that we share on your behalf, email it to cjones@ovec.org Please be sure to include the school district in your title of your submission.
